

Half Term Maths Challenge:  
~ Marvellous Measures!

Over the half term break we are inviting all of our children to take part in a “Marvellous Measures” Maths Challenge!

To take part, you and your child need to think of a fun way to measure something - it can be absolutely anything you want!

You might measure how tall you are in DVD cases, how many golf balls you can fit in Dad’s shoe, how many cups of water it takes to fill the sink, how wide your bed is in cuddly toys or how long your street is in footsteps. The only limit is your imagination – try to come up with something that nobody else will think of!

If you want to enter, just take a photo of you with the thing that you’ve measured and email it (with details of what you counted) to Mrs Whittaker at:

[n.whittaker@barwell-infant.leics.sch.uk](mailto:n.whittaker@barwell-infant.leics.sch.uk)

The photos will be posted on the school website throughout the half term break ([barwellinfantschool.co.uk](http://barwellinfantschool.co.uk)) and the deadline for entries is **Monday 22<sup>nd</sup> October.**

Every child who takes part will receive a certificate, and there will be a prize for the most original idea in each class.

Good luck!

Mrs Whittaker, Maths Leader
