Parents Evening

Dear Parents/Carers,

usually at this time of year I would hope to be writing to you to invite you to attend Parents Evening in school. As you know, due to the current pandemic we are doing everything in our power to keep the children, staff and you as parents, safe. This does mean that Parents Evening will unfortunately need to be different this year.

So, we are asking that, if you have any questions, concerns or comments for your class teacher, that you please write them in the space over the page and let the class teacher have these back. The class teacher will then get back to you as soon as possible with an answer to your question.

We do of course appreciate that this is far from ideal, and hopefully the situation will be improved by the Spring Term, which would then allow for a much more 'normal' Parents Evening to take place.

If you would like to contact me about any questions or concerns that you have them please also fill out the sheet overleaf. Alternatively catch me on the school gate at drop off and pick up.

Your support with this is greatly appreciated.

Terena Moreton
