Wednesday 4th November 2020

Clothing during the winter months

Dear Parents/Carers,

With the weather becoming colder in recent days I need to take this opportunity to ask you to ensure that your child is dressed appropriately for the chillier temperature.

This is because, due to requirements for ensuring that during the pandemic we have appropriate ventilation we are having to keep all the windows and doors open during the school day. The result is that the school building is very much colder than I would like it to be.

Sadly, there have been several children in recent days who have told us that they are cold. So, I am asking parents to make especially sure that the children are wearing lots of warm layers.

As you know, thermal vests and tights are particularly effective, as are warmer socks and warmer footwear. I can testify to that!

If you would like any further advice or information, please do pop and see me on the gate.
