

Barwell Infant School -PE Sports Grant

What is the PE and sport funding?

The government is continuing to provide additional funding in order to develop provision of physical education and sport in primary schools.

The aim at Barwell Infant is to educate minds, develop healthy bodies, and promote positive attitudes towards lifetime physical activity, fitness, and sports skills. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in school.

Schools should use the premium to secure improvements in the following 5 key indicators:

Engagement of all pupils in regular physical activity, for example by:

1. providing targeted activities or support to involve and encourage the least active children
2. encouraging active play during break times and lunchtimes
3. establishing, extending or funding attendance of school sport clubs and activities and holiday clubs, or broadening the variety offered
4. adopting an active mile initiative
5. raising attainment in primary school swimming to meet requirements of the national curriculum before the end of key stage 2. Every child should leave primary school able to swim. (This is not relevant for our school, most of our children transfer to BJS at the end of KS1 where swimming is offered as part of their curriculum).
