

BARWELL INFANT SCHOOL

Thursday 5th November 2020

Dear Parents and Carers,

You will no doubt have noticed the pile of soil at the front of the school in the staff car park. We had several trees taken down in the summer, and the stumps taken out later. However, we have been left with the unsightly soil. We have been quoted a shockingly high price to remove it.

I am reluctant to authorise such a sum unless it has direct impact on childrens' learning. So, my plea is to ask you to help yourselves to as much as you need for your garden and/or allotment? Or indeed, if you know of any local business which might welcome this on a free on collection basis?

If you would like some of the soil, please do pop and see me on the gate to arrange a date and time for collection.

Terena Moreton
Headteacher
